JAPANESE CONTINUE TO DEFEAT RUSSIANS

Russians Attempt Counter Attacks But Are Repulsed.

CZAR'S MEN BURNING BRIDGES

General Linevitch Makes a Report to St. Petersburg Authorities and Says All Is Quiet.—Russians Are Destroying Railroad.

Washington, March 21 —The Japanese legation today received the following telegram from Tokio:

"At 4 a. m. on March 19 our detachment occupied Kaiyuan, 20 miles north of Tie Pass. The enemy afterwards attempted to counter attack, but were repulsed. The enemy burned bridges on the main road south of Kaiyuan and also destroyed part of a railway bridge. A number of Russians were found buried near Mukden."

General Linevitch Reports.

St. Petersburg, March 21.—A dispatch from General Linevitch, dated March 19, 9 p. m., says:

"The commander of the second army reports that he has had no further fighting.

No reports have been received from the First and Third armies.

"I have inspected the troops which have arrived from Russia. They are in excellent spirits and good health."

PITTSBURG IN THROES OF FLOOD

Warm Weather Has Melted Snow and River Is a Raging Torrent.

Pittsburg, March 21.—Pittsburg is in the throes of an annual flood.

Fortunately, however, the damage to property will be minimized, compared with former years as the vast river interests, railroads and other business affected by floods had ample warning and preparations were made accordingly. Up to the middle of last week heavy snows remained in the upper 250 miles of the Alleghany valley, and its tributaries, and the high temperature of the past week melted the snow and a warm rain yesterday caused flood conditions from the headquarters to this city. Already the lowlands are submerged, and mills and factories on the river fronts have been forced to suspend operations. The crest of the flood is looked for in Pittsburg by nightfall, and a stage of 30 feet is expected.

The Alleghany is rising like a mill race today, and although practically clear of ice, it is carrying a great deal of timber and debris. The ice of the greater part ran out during the early hours of the morning and as far as can be learned no damage resulted from it.

CRISIS IN VENEZUELA.

France Notifies Government to Stop Interference with Cable Company.

Washington, March 21.—The French Cable company complications have reached a crisis and Minister Bowen has informed the state department that the Frech minister at Caracas by instructions of his government, has notified the Venezuelan government that there must be no farther proceedings on its part toward the cancellation of the company's franchise or interference with its property.

Further Mr. Bowen reports that two French warships have been ordered post haste to Venezuela to act in accordance with the instructions of the French minister. These are the Julian De Gravierre and the Duplex, now in the Caribbean sea.

Fired Shot Into Train.

Jackson, Miss., March 21.—While the eastbound limited train over the Queen and Crescent road was approaching Jackson, last night some unknown person fired two shots from a pistol through the rear door of the general coach, and made his escape in the darkness. One of the bullets clipped the ear of H. Clay Roberts, a well known insurance agent of this city while the other passed within 2 inches of the head of Hon. W. J. Croom, state senator from Hinds county. The train was stopped and male passengers sought the miscreant.

LARGE JEWISH GATHERING.

New Orleans Is Entertaining Grand Lodge of B'Nai B'Rith.

New Orleans, March 21.—An elaborate report by President Simon Wolf was the feature of the second days session of the constitution grand lodge B'Nai B'Rith. It presented an interesting array of statistics and facts bearing upon the condition and history of the Jews in America. He said that during the past four years four million foreigners have come to this country, at least one-tenth being Jews and 80 per cent of whom remained in New York. The remarkable influx he said was due to oppression abroad.

Dr. Wolf said the convention ought to stimulate by word and deed the movement for proper distribution of this foreign Jewish immigration.

Dr. Wolf said the order of B'Nai B'Rith had altogether contributed, exclusive of endowments, $10,000,000 to various benefactions. It has a membership of 30,000 throughout the world has educated more than 10,000 orphans and cared for more than 500 aged and infirm, and 5,000 sick and destitute sick and has maintained free circulating libraries of more than 50,000 volumes.

BIG OCEAN LINER REACHES PORT

Three Days and a Half Overdue—Voyage a Turbulent One.

New York, March 21.—More than three and a half days behind her best record time for the voyage, the big White Star line steamer Cedric came into this port today after the most turbulent voyage of her career. From the outset of the voyage the Cedric encountered heavy weather. The force of the gale was terrific and at times reached hurricane proportions with terrific seas.

At times the sea broke more than 20 feet higher than the Cedric's bridge and were estimated to be 60 feet from the hollow to the crest. Her officers say that although the huge ship rolled and pitched violently she behaved splendidly. In the most violent period of the storm on March 12, Mrs Whitney, a steerage passenger, gave birth to a child. He was named Cedric Whitney.

Among the passengers on the Cedric was Jabez White, the British pugilist and his manager, Charles Mitchell.

RIOT AT WEDDING CELEBRATION

Italians in Chicago Cause a Riot—Policemen Disperse Crowd.

Chicago, March 21.—A wedding celebration in Clark and Polk streets in the heart of the "Little Italy," has been terminated suddenly by Policeman Henry Decker, who shot one of the merrymakers, Vito Malpedo, in the abdomen, inflicting a fatal wound.

Half a dozen Italians, one of whom was Malpedo, attacked the policeman because he had ordered them to disperse. Malpedo's ran into a saloon and snatched a policeman's club from behind the bar and struck the officer on the head knocking him down. Decker shot Malpedo, who staggered to the middle of the street and fell. The police were notified and when a wagon load of men arrived, more than 1,000 persons, men, women and children were struggling in the street.

Officer Decker, covered with blood stood at the side of the man he had shot and he and another of his assailants were placed under arrest.

New Trial Denied.

Washington, March 21.—The supreme court of the United States today denied the motion for writs of habeas corpus in the cases of Peter Miller and Thomas Shepperson, two of the Denver election officials who were sentenced to terms of imprisonment by the supreme court of Colorado on charges of violating the orders of the court in connection with the November election. No written opinion was handed down in the case.

Warner Elected Senator.

Jefferson City, Mo., March 21.—The legislature in joint session elected Mr Warner, Republican, to succeed Mr Cockrell, Democrat, as United States senator from Missouri. The last ballot gave Warner 1 majority. The closing scenes of the session was full of excitement, the Democrats trying to avoid the election of a senator.

MANY KILLED BY BOILER EXPLOSION

Building Collapsed and Big Fire Followed Disaster.

FIFTY ARE REPORTED AS MISSING

Large Shoe Factory Is Wrecked by an Exploding Boiler—Fire Spread to the Adjoining Buildings, Resulting in Great Loss.

Brockton, Mass., March 21.—A boiler exploded in R. V. Grover's shoe factory here today and it is reported a large number of employes have been killed. The report was believed to be based on the fact that 75 employes were found to be unaccounted for after the explosion. It is expected that after the excitement has subsided, many of the missing ones would be accounted for.

Before 9 o'clock the entire Grover plant has been destroyed by fire which spread to adjoining business structures and private residences.

The boiler which exploded was located on the ground floor in the Ell part of the 4-story factory. When the explosion occurred that part of the factory directly above collapsed. How many of the employes in this section succeeded in escaping is not known. A moment after the explosion fire broke out in the wreckage.

A canvas completed at 9:30 o'clock of the Grover factory employed shows that 50 were missing. The fire was still burning fiercely and not under control, though it had not spread within the previous 15 minutes.

Reports received at the Brockton hospital were to the effect that 11 are dead and a score more wounded.

At 10:30 o'clock it was said that the fire was under control.

At that hour search of the ruins was still impossible, owing to the heat. The number of missing is still estimated by the police at 50.

An accurate estimate of the loss of life was impossible. It was understood that upwards of 200 persons were at work in the departments near the boiler room, and the first indications were that hardly one could escape. Later, however, it was learned that but 50 were unaccounted for, and it was believed that many of this number might be dead or injured. The factory, a large 4-story wooden structure, was in ashes within an hour.

The flames extended to several of the dwelling houses near by, and to the Dahlburg block, across the street from the Grover factory. These also were consumed, and other property was damaged.

At 10:20 o'clock it was believed that the fire was under control, and the financial loss was estibated at $200,000.

Twenty-five bodies had been taken from the ruins. Many of them were so terribly mutilated and burned as to make it difficult to identify them.

Up to 1:30 p. m. 30 had been recovered. In a few instances only fragments of the clothings furnished the means of determining whether the remains were those of a man or woman, or a possible clew to dentity. The chief of police estimates the dead at 50.

Aged Negress Burned to Death.

Marietta, Ga., March 21.—Hannah James, a negro woman about 60 years old, was burned to death in her home near the city Sunday afternoon, about 1 o'clock. She was found in her room lying against the fireplace. Coroner Cox, of Cobb county, held an inquest Sunday afternoon and the jury brought in a verdict of death by accident. Aunt Hannah was a town character and was known by every one in Marietta. She will have to be buried at the county's expense.

Woman Mangled by Fire Engine.

New York, March 21.—An unidentified woman was killed, two children were slightly injured and many persons were frightened at Fifth avenue and One Hundred and Sixteenth street Saturday night when a galloping fire ladder truck was forced by a vehicle to take the side walk, the three truck horses trampling on the woman and the wheels passing over her body.

ASSAULTS EXPRESS MESSENGER

Robbery Was the Supposed Motive Several Money Packages Missing.

Chattanooga, Tenn., March 21.—Mal Pruett, Southern Express company messenger on Southern Train No. 33 leaving here for Memphis at 8:10 today, was assaulted in his car near Lookout station, a few miles out of this city, by Will Thomas, an ex messenger, this morning.

He claims the assault was the result of a personal difficulty, but Pruett claims that robbery was the motive.

Pruett was struck on the head with a heavy piece of timber, and is now in the hospital. He states that two packages of money and a package of vouchers were missing after he was assaulted.

After striking Pruett on the head Thomas applied the emergency brake and jumped from the train. He was captured and is in jail here.

The affair is a complicated one, and the Southern Express officials decline to give out any statement about it further than to say the matter is being investigated.

PREACHER JOINS LABOR UNION.

Brooklyn Pastor Becomes a Fraternal Member of Central Labor Body.

New York, March 21.—Rev. Warren H. Wilson has been admitted into membership in the central labor union of Brooklyn. He joined as a fraternal delegate and at the request of the Brooklyn presbytery which has reached the conclusion that hitherto the church has not entered into fellowship with organized labor as it should have done. Only one vote was cast in opposition.

The new delegate is pastor of the Arlington avenue Presbyterian church. In an address following his election he said that the presbytery averred that the church had strayed from the divine teaching in not taking a deeper interest in the welfare of the laboring men. He thought that the church did not fully understand the objects of labor unions and believed that the time is at hand when it should be enlightened on those subjects.

BOY GUILTY OF KILLING FATHER

Boy Gets Life Sentence for the Murder of His Parent.

Tifton, Ga., March 21.—John Land was found guilty of the murder of his father, Robert Land, in Irwin superior court Saturday. Youn Land and his father had a dispute over a dog at their home near Sycamore some time last summer, in which Land shot his father, without warning, killing him instantly.

His case has been on trial at Irwinville since Thursday morning, and Saturday afternoon the jury returned a verdict, after being out 30 minutes, of murder. The jury recommended mercy, and his sentence was fixed at life imprisonment.

Whites Barred from Negro Church.

Wilmington, Del., March 21.—White people attending St. Joseph's Roman Catholic church for negroes were considerably perturbed when Father Glancy, the priest in charge, read a letter from Bishop Monaghan announcing that the church is exclusively for negro Catholics. The whites have been attending St. Joseph's at times because it was convenient, and they were good contributors to its funds. In order that there might be no misunderstanding about the matter, the letter was read twice.

Want to Tax Bachelors.

Madison, Wis., March 21.—The assembly is having considerable fun from time to time with the Cleary bill providing for a tax of $5 a year on all unmarried men over 30 years of age. What with taking care of his large mail on the subject and being constantly on the alert to parry the thrusts and attacks of his colleagues the Juneau county member is pretty busy most of the time.

Vesuvius Shows Signs of Activity.

New York, March 21.—There have been frequent explosions of Vesuvius accompanied by eruptions of incandescent mater visible from Naples, says a dispatch from that city. There were produced by the sinking of the bottom of the crater formed by the last eruption.

AWFUL CALAMITY IN WEST VIRGINIA MINE

Those Who Go To The Rescue Are Also Entombed.

TWENTY-FOUR LIVES ARE LOST

After the First Explosion a Party of Rescuers Go Into Mine Only To Be Killed by a Second Explosion—Work of Rescue Commenced.

Fire Creek, W. Va., March 21.—The rescuing party which was organized Sunday to enter the Rush Run mines to recover the bodies of the 24 men who are believed to have been killed by the two explosions Saturday and yesterday morning, finally were able to enter the mine today.

The amount of gas in the mine after the explosion and the necessity for driving fresh air into the inner workings before the rescuers dared to enter, compelled them to wait 24 hours after the last explosion.

Hundreds of people from the surrounding country, miners and their families crowded the mines, the men volunteering to help in any way possible and the women anxiously awaiting word from their loved ones. The first rescuing party which entered the mine early Sunday had gone 2,000 feet when overcome by the second explosion. The second rescue party reached this point in the mine today and preparations were at once begun for the removal of the dead bodies.

In the two explosions in the Red Ash and Rush Run mines late Sunday night, at least 24 men were killed, 18 of the dead being members of a rescue party, who were caught by the second explosion in the Rush Run mine.

Eight miners were at work in the Rush Run and five in the Red Ash mine, when the first explosion occurred Sunday night. Five or six hours later a party of 11 rescuers entered Rush Run mines to locate the dead. They probably had gone back 2,000 feet when the second explosion occurred, and it is positively known that all are dead, as there is no possible chance for their escape.

After the first explosion miners from neighboring mines rushed to the all fated mine in an effort to save their comrades. On account of the gas it was considered unsafe to enter the mine today, but early Monday eight old and experienced miners, with safety lamps, entered and cosed up some of the entries, so that fresh air can be forced into the mine.

The rescuers had gone about 2,000 feet into the mine when the second explosion occurred, or less than half the distance to where the miners had been working when the first explosion occurred.

There is no hope of recovery of any of the bodies for many hours. The Red Ash and Rush Run mines connect in four places, by coal being cut through, being under the same management.

North State Republicans Meet.

Charlotte, N. C., March 21.—The banquet to be given at Greensboro, N. C., next Wednesday will be one of the most elaborate affairs of the kind ever given in the state. The special guests of honor will be Vice President Chas. W. Fairbanks, Postmaster General Cortelyou, Commissioner of Internal Revenue Yerkes and Congressman Joseph M. Dixon and Colonel F. M. Parker. These gentlemen, accompanied, by other prominent public men from Washington and special newspaper representatives, will arrive on a special car from Washington at 6 o'clock p. m. Wednesday.

Live Wire Causes Death.

Waco, Tex., March 21.—John G. Nelson, aged 25, one of the widest known animal trainers in the country, was instantly killed yesterday while talking down a tower of an exhibition show, by a guy-wire crossing a light cable. The entire 4,000 voltage entered his body, causing instant death. He leaves a wife and child in Iowa. Nelson made a specialty of educating ponies and dogs.

THE CITY COUNCIL IN SPECIAL SESSION

Met to Certify to Nominees for Coming Municipal Election.

ALDERMAN PEDRICK RESIGNS

Law Says He Cannot Represent City and County at Same Time, and as He Holds Two Offices it Was Necessary to Relinquish One.

The City Council met in special session Tuesday night for the purpose of certifying to the nominees for the coming municipal campaign.

There was a full board present, with the exception of Alderman Pedrick, who was attending the K. of P. lodge. Alderman Pedrick was indifferent about the matter, because of the fact that he has discovered that he is not entitled to sit upon the council as an alderman, since he is now representing this district as a county commissioner. Along with the other business was the resignation of Councilman Pedrick, together with the reason of his action.

There is a clause in the Laws of Florida which fully provides that no citizen shall represent officially a municipality and a county at the same time, and as Mr. Pedrick is an alderman and a member of the Board of County Commissioners, he felt that it was a duty he owed to the city to resign. The resignation was accepted under the conditions, but there was not a member of the council who did not regret it. Councilman Pedrick has been a faithful and conscientious worker, and his influence and energy will be greatly missed.

On Tuesday morning it seemed that there would be little or no excitement in the race for aldermen, but the municipal politicians will be happily disappointed. There are four aldermen to be elected, and the candidates number six, as friends of Dr. J. Harrison Hodges and H. E. Benson yesterday circulated petitions and presented same to the council, when they were duly certified. The law requires twenty-five names on each petition, but both contained many more, which was evidence of the popularity of these gentlemen.

There are to be four aldermen elected of the following nominees: A. M. Cushman, L. C. Lynch, W. B. Taylor, J. B. Padgett, J. Harrison Hodges, H. E. Benson. Messrs. Lynch and Taylor have served the city faithfully in their aldermanic positions, and are candidates for re-election. All candidates are competent and worthy, but inasmuch as only four are to be elected, it must naturally be reduced to a personal preference.

The resignation of Alderman Pedrick will necessitate a special election, which must be called by a proclamation from the mayor. This election cannot be held within thirty days, hence it will be necessary to call a special election for the purpose of filling the unexpired term of Alderman Pedrick.

Three candidates were certified for marshal—Chas. Pinkoson, R. A. Becker and David A. Robertson. The race for marshal promises something interesting, although the campaign is progressing on the most friendly terms.

AN EXCELLENT ATTRACTION.

The Passion Play Secured for Benefit of E. F. S.

The Passion Play of Oberammergau, Bavaria, with all moving pictures, vivid descriptive lecture and appropriate musical selections will be presented Friday night, March 24th, at the opera house.

Nothing has interested the religious world so much as this beautiful religious drama of the life of the Saviour, as rendered every ten years in that little German village, and thousands of people have traveled from all parts of the civilized world to witness this sublime presentation.

The Athletic Association is fortunate in securing Mr. Fowler to give this lecture with his famous moving pictures, and as Mr. Fowler has presented the Passion Play over two hundred times, the audience is assured of a full and complete description of every tableaux and scene.

The Passion Play embraces all the principal scenes from the shepherds watching their flocks at night to the grand triumphal entry into Jerusalem, the trial of the Master carrying the cross, the Resurrection and Ascension; in all, twenty-four lifelike scenes and tableaux.

No one can afford to miss this grand lecture. Seats can be secured at Avera's.

GAINESVILLE WOMEN INTERESTED

Miss Julia M. Beu, Overworked and Nervous, Tells of Her Remarkable Cure by Vinol.

How many women right here in Gainesville are in her condition dragging out a weary existence? They are not sick enough to lie in bed, but they are overworked, tired out, run down, thin, nervous and miserable. Such women will be interested in Miss Beu's letter.

Miss Beu writes: "I was nervous and weak, having constant headaches, and that general worn out, overworked, tired-all-the-time feeling. Vinol was recommended to me as a wonderful cod liver oil restorative for weak, tired women. I tried it and it has made an entirely different person of me. I am well and strong, and can do my work with ease and without fatigue. It gives me great pleasure to recommend Vinol to overworked, tired, nervous women, as I believe it is without an equal in its wonderful restorative powers."

Mr. W. M. Johnson, our well known druggist, states that Vinol never fails

MISS JULIA M. BEU.

to cure and build up such women, and he offers to every one in Gainesville health and strenth if they will but try Vinol on his guarantee. Because Vinol contains the active curative principles of cod liver oil actually taken from fresh cods' livers, it works in harmony with nature, makes rich, red blood and strengthens in a natural manner every muscle, nerve and organ in the body. It is the greatest vitalizer and strength creator known to medicine.

It gives new life and strength to the aged; it cures stomach troubles, hard colds, hanging-on coughs, restores lost appetites, and gives strength to the convalescent.

If it fails to give satisfaction Mr. Johnson agrees to cheerfully refund the purchase money.

OPERATION ON MR. MORTON.

Man Injured at Eddins' Mill Compelled to Undergo Operation.

J. H. Morton, the man who was the victim of an accident at the mill of the Eddins Manufacturing Company Monday, resulting in a dangerous rupture, was compelled to undergo an operation for strangulated hermian Tuesday morning. The operation was performed at his home by Dr. J. Harrison Hodges, assisted by other physicians of the city.

Dr. Hodges stated that the patient bore up remarkably well under the operation, which was one of the most difficult he had ever performed, since the stomach had to be opened. The patient is yet in a critical condition, but may recover.

Friends of Mr. Morton and family deeply deplore this misfortune, and trust that the patient will soon recover.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and $1. Sold by W. M. Johnson.

Earnest Workers' Society.

The members of the Earnest Workers' Society of the Presbyterian church are requested to meet at the residence of Mrs. C. C. Pedrick this (Wednesday) afternoon at 4 o'clock, as there is business of importance to be attended to. MRS. C. C. PEDRICK, Pres.

ORGANIZE WOMEN INTO UNION.

New York Woman Wants Her Sex to Form Labor Organizations.

New York, March 21.—To organize the working women of New York into a union and to inaugurate an aggressive campaign in their behalf Miss Gertrude Barnum, daughter of William Barnum, formerly a judge in Chicago, and who spent some years in the settlement work of Hull house, in that city, has opened headquarters here on the lower East Side. As secretary of the women's trade union league, Miss Barnum has called a conference to be held next summer when the problem of working women will be discussed by persons from all parts of the country. The general proposition being that public opinion should support the unions in their efforts to organize the working women.

Miss Barnum declares that a quarter of a million working girls and women in New York suffer from every possible industrial evil. They are, she says, treated unfairly, work in unsanitary places, endure long hours and low wages, and there is a vast amount of irregular employment.

ALCOHOL DESTROYING FRANCE.

Declares a Well Known French Physician—Degeneracy Traced to It.

New York, March 21.—Alcoholism is steadily becoming worse in France, while it is disappearing elsewhere, according to assertions made by Dr. Poitou Duplessy in a public address, cables the Herald's Paris correspondent. The speaker is a widely known physician.

"To the drink evil," he said, "could be traced the gradual disappearance of the family and the deterioration of racial attributes.

"Gradual degeneracy is sure to result unless alcoholism is checked."

Dr. Duplessy declared that drink is a prime factor in causing tuberculosis and madness, misery and crime. The only way to successfully abate the evil, he says, is to arouse the public conscience. The law of social solidarity he said, had a scientific base, which imposed a moral duty upon members of society to defend themselves and their fellows from such a menace as that which alcoholism now presents.

Large Sum Hinges on Letter.

Raleigh, N. C., March 21.—Standing Master Eugene Martin, J. O. Carr, counsel for bondholders and ex-Judge D. K. Bryan, counsel for commissioners of Onslow county, are here examining records in the Onslow county bond case, in which the county seeks to repudiate $40,000 bonds issued under an act of 1885. According to a ruling in the supreme court both the aye and the no vote must be recorded in the legislature, when voting by roll call, for bond issue bills. In this case the "aye" vote is recorded and there is a mark after the "no" vote, which the county commissioners contend is only a comma and the bondholders insist is a "I," signifying one vote cast. If they are right, the bonds are valid under the ruling. If it is only a comma then the bonds are no good.

Unknown Man Mangled to Death.

West Point, Ga., March 21.—The mangled remains of an unknown white man were found this morning scattered along the railroad track from the car shed to a distance of 200 yards. He is supposed to have attempted to board the outgoing freight train that passes here at 3 o'clock a. m. The train, after some shifting, as it left the shed, was moving with great speed in order to make the incline a short distance ahead, and the unfortunate man was thrown under the wheels and dashed into eternity in a second.

At Sight of Body Man Dies.

Cullman, Ala., March 21.—At Good Hope, near here, last night, J. M. Woodall dropped dead upon viewing an improvised corpse. Closing school exercises were in progress and in one scene a student, representing a dead man was brought on the stage, whereupon Mr. Woodall collapsed. The impersonator of the corpse was the real dead man's son.

Women's Headaches

542 1-2 Congress Street.
PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelmina Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the uperring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today.

All druggists sell $1.00 bottles of Wine of Cardui.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. J. E. Hudson of this city and Mrs. Bucknell of Waverly, Iowa, who is visiting the former, left yesterday for Hampton, where they will spend a few days with J. E. Hudson.

Hugh Morrow, who is taking a medical course in one of the leading colleges in Atlanta, is spending a few days with his parents, Col. and Mrs. Morrow. His numerous friends are glad to greet him.

Mrs. W. W. Jones and niece, Miss Willie Jones, of Laurens, S. C., are in the city for a day or two as the guests of relatives, Mr. and Mrs. C. C. Pedrick. They have also been visiting Micanopy, where they have relatives.

Attention is called to the advertisement of E. H. Waters, house painter and decorator, which appears elsewhere in this issue. Mr. Waters has a full line of paints and wall paper, which he is offering at lowest prices to the trade. He is a first-class workman, and has given excellent satisfaction to all for whom he has contracted here.

A. E. Miller and O. D. Huff, two progressive truckers of Evinston, were transacting business in this city yesterday. Mr. Huff states that he has finished shipping lettuce, of which he had a fair crop. He, with other growers, sold cabbage at $1.50 per crate, average, f. o. b. Evinston, with the result that they made a fairly good thing from the cabbage crop. He expects to begin the shipment of beans about April 15th, and anticipates good returns, as his product will be choice. Mr. Huff is thinking seriously of installing an irrigating plant, which will protect him from the disadvantage of the long dry periods, and will permit him to grow prolific crops, despite the absence of rain.

RURAL FREE DELIVERY.

Government Wants Applicants—Blanks May be Had From Postmaster.

The postoffice department, as has been formerly stated, expect to establish a free rural mail delivery in Alachua county, and applications for bids have been posted in the office in Gainesville. The date has not yet been decided upon, but will be fixed later by the government.

There will eventually be five routes established, leading from Gainesville to various points in the county. These routes will furnish lucrative employment to as many carriers, the position paying $750 per year for six days' work, averaging eight hours a day. The appointments will not be confined to politics, being under civil service rules, and all are eligible.

The requirements for an applicant are that he must be of sound body and mind, over the age of eighteen, and if appointed must furnish his own team and provide feed for same.

The examination is not difficult, and desirable young men are wanted for the work. Applications and all other information may be secured from Postmaster Arnow.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

RESOLUTIONS OF RESPECT.

The Kirkwood Union Sunday School Mourns Departed Member.

Whereas, In view of the loss we have sustained by the decease of our friend, Roy L. Emerson, and the still greater loss to those nearer and dearest to him; and,

Whereas, It is only just that we make known our recognition of his many virtues, therefore be it

Resolved, That in his sudden death our community loses one of its most promising young men and our school a faithful member.

Resolved, That we, as a Sunday school, extend our deepest sympathies to the sorrowing family in their greatest bereavement. He was a most dutiful son, an effectionate brother and a kind and obliging friend.

Resolved, That as a token of esteem a copy of these resolutions be presented to the family, and that they be published in The Gainesville Sun.

ANAEMIA

is thin blood. It causes pale faces, white lips, weak nerves and lack of vitality. A blood-enriching, fat producing food-medicine is needed. Scott's Emulsion goes to the root of the trouble, strengthens and enriches the blood, and builds up the entire system. For anaemic girls, thin boys, and enfeebled mothers, it is the standard remedy. It builds up and strengthens the entire system with wonderful rapidity.

THE NEWS FROM REX.

Farmers Planting Their Crops—Personal Notes of Interest.

Rex, March 21.—Farmers in this section are planting corn and cotton. Orange trees are blooming and we hope to have oranges to ship from Rex this fall. Pear and peach trees are in full bloom, and if no disaster befalls the trees there will be lots of fruit in this section this summer.

There is a large acreage of Irish potatoes in this vicinity, and they are looking fine.

C. W. Agin and wife departed Saturday for their home at Cincinnati, Ohio, to the regret of their many friends here, but we have the promise of their return here to spend the winter in their Florida home.

Prof. J. J. Godwin moved back to his old home, formerly known as the "old Raines plantation." His Rex neighbors regretted to have them leave, but are glad to have them so near, as their present home is only a mile from the station.

Prof. M. C. McIntosh was in our midst for a few days this week visiting his mother and the home of his childhood. He is looking well, and expressed himself as being well pleased with Tallahassee and her hospitable people.

Misses Lottie and Susie Teeter left for Gainesville Monday to enter the normal at East Florida Seminary. Their young friends here will be glad to have them back when the normal is over.

Miss Nannie McIntosh made her mother a visit Saturday. We are always glad to see her.

Brother Strunk delivered an able sermon at the Methodist church here last Sabbath.

Rex now boasts of a telephone. Our postmaster, J. L. Townsend, has one installed in his home. He is always progressive, and likes to enjoy such conveniences.

Prof. S. E. McIntosh is enjoying a stay at his home here, having finished his term of school at Island Grove.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

THE GAINESVILLE DIRECTORY.

Work Was Begun Tuesday—Six Weeks Will be Required to Complete.

With a determination to finish the work as soon as possible, Jesse E. Burtz, who has undertaken the compiling of a city directory of Gainesville, began his duties Tuesday, and proposes to push the matter as rapidly as possible.

The compiling of a directory is a great and peculiar undertaking, and the public do not really realize the work attached to it. It is a most peculiar avocation—something which is not generally understood, but an accurate work is assured, and it is needless to add that it will prove of great and lasting benefit to Gainesville.

This will be the first and only directory ever issued for Gainesville under metropolitan style. It will be a handsome cloth-bound book, durable in every way, and a credit to the city.

The compiler feels confident that he will find a great increase in population over the directory census taken here five years ago. He calculates that Gainesville, which was then less than 4,000, will reach a population in this directory of 6,000, possibly more.

STONE IS NOT READY.

Corner-Stone of Holy Trinity Church Will Not be Laid Today.

The corner-stone of the elegant new building of Holy Trinity Episcopal Church, which was scheduled to have been laid today with impressive ceremonies, is not ready, hence this function will be postponed until a later date, which will be announced in due time.

Owing to the presence of Rt. Rev. Edwin G. Weed of Jacksonville in the city it was desired to have this important ceremony celebrated at this time, but owing to the delay in receiving the stone it was impossible to get the same ready, hence a postponement was necessary.

North Gainesville Meeting.

The religious services at North Gainesville Hall, which are being held under the auspices of the Gainesville Ministerial Association, are proving quite successful. The meetings began Monday, and will continue during the week. Rev. T. J. Nixon of the Methodist church delivered an impressive sermon to a good congregation last night. This evening Rev. S. B. Rogers of the Baptist church will conduct the service, and the public is cordially invited.

Father Helps Daughter to Elope.

Richmond, Va., March 21.—Aided and abetted by her father, a wealthy merchant of Charlestown, W. Va., Miss Nora Naomi Pentz was married at Winchester to Frank Joseph Kraich of Philadelphia. The girl's mother was violently opposed to the match and the girl turned to her father for aid. Her parents separated some time ago, the girl remaining with the mother. The father was as favorable to the match as the mother was opposed, and he advised the girl to elope. She readily agreed, and the father went along to act as chaperon. With his aid there was no difficulty in securing a license, the Rev. Dr. James R. Graham married the two.

Texas Wins in Supreme Court.

Washington, March 21—In an opinion by Justice Holmes the supreme court of the United States today decided in favor of the state of Texas the controversy between Greer county, Oklahoma and the state of Texas, over land granted by that state to the county for school purposes when the county was a part of Texas. The decision was based on the ground that Greer county, Oklahoma, is not the same person that Greer county, Texas, was and that it, therefore, has no claim upon the Texas school fund.

White Man Kills Negro.

Savannah, Ga., March 21.—Alfred Lewis, a negro, was shot and killed last night on East Broad street by Willie Snyder, a young white man of Liberty county. Snyder made his escape. The trouble grew out of Snyder having slapped a young negro, the man taking the matter up.

Killed by Trolley Car.

Birmingham, Ala., March 21.—F. Kiehle, a prominent merchant of Ensley, was run over and killed on the Village Creek trestle Sunday night between Ensley and Pratt City, by a trolley car. Mr. Kiehler's brother-in-law, Adam Glass, saved his life by jumping.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

Mobile Visited by a Flood.

Mobile, March 21.—Mobile was visited yesterday by one of the hardest rainfalls of the year. The rain began before noon and fell continuously in torrents, flooding the streets far beyond the capacity of the storm sewers. Street car traffic is interrupted. The telegraph companies report no wire connection between Mobile and New Orleans.

Refused Railroad Transfer.

New Orleans, March 21.—Judge Shelby this morning refused the application of the Louisville and Nashville railroad for the transfer of the North and South Alabama case to the federal circuit court and ordered the case remanded to the Montgomery state court.

AN ADVERTISING THOUGHT.

Advertising was born the day after the birth of business, so that today doing business without advertising is as impossible as advertising without business, for advertising is as much a part of business as business is a part of advertising.—N. C. Fowler before New England Dry Goods Association.

The total amount of Russian money orders cashed in the United States in 1904 was $214,449.

The difference between Stoessel and Kuropatkin is that the former knew enough to quit when he had enough.

The advance fashion plates would indicate that the wholesale milliners are aware of the fact that prosperity is here.

Very little money is sent from Japan to the United States, the total in 1902 being only $44,925; in 1903 it was $51,494, and in 1904 it was $58,115.

A piano combine is talked of. Cable & Co., Mason & Hamlin and several other makers are in the deal, which will be capitalized at $5,000,000.

If the wife of the late Gen. J. B. Gordon should be appointed postmistress at Atlanta, there will be an array of long-faced Republican politicians in that city.

The trinity of the Japanese armies, Oyama, Kuroki and Nogi, work in complete harmony. In the Mukden fight there was not a false move or the slightest misunderstanding.

The life of a battleship is said to be twenty years. When you consider that fact that it takes from three to five years for a battleship to be born, this seems an absurdly short career.

Don't sneer at the women detectives. One of them caused a raid in New York City on a fashionable gambling house, where rich men's wives were arrested while playing roulette.

Two million dollars worth of gold is used every year to fill the teeth of the American people. It must bother John Bull a good deal if he knows there is so much gold that he can't annex.

It is an interesting fact that Alabama, with a population of about 2,000,000, is making nearly one-half as much pig iron as the United States made with its 50,000,000 population as late as 1879.

If the fraternity in the North should glance over the Southern news they would make a rush for Florida. One editor at Miami has retired, and will use his money in building electric railways and another will go into the real estate business at Arcadia.

The baseball season having opened in the South there will be something to divert the attention of the people from the war in the Far East until at least Russia gets enough more troops in the field to make it an object for Oyama to turn loose his fighters again.

GOOD FARMING LANDS.

There are plenty of good farming lands for sale in Alachua county at reasonable prices, in fact at low prices, which will produce paying crops. These lands, if owned by the laboring men of the North, who toil all summer to get enough to live on and keep them warm in the winter, would, with the same amount of labor, place the owner in comfortable circumstances in a few years. The question may be asked: "Why is it that these lands are not sold, if they are so good and cheap?" The answer is, that these people do not know about it, and they never will until they are advertised.

Hundreds of farmers are coming to Virginia each year from the fertile lands of Iowa and the Dakotas, because the lands of the Old Dominion are being advertised, homeseekers' rates are furnished by the railroads and an effort is being made to get good farmers there.

Lands at prices at which they can be purchased for in this county and the close proximity to markets, should make them desirable for small farmers who wish to make for themselves a home in the healthiest portion of Florida. Let the people come here and see what these lands produce, and we will then experience no trouble in getting more farmers in Alachua county.

It would seem almost an act of Christianity if by some method the Czar of Russia could be deposed and the slaughter of his soldiers stopped. So long as he is at the head of the government it is useless to argue for a cessation of hostilities, as he is not possessed of sufficient human feeling to care a jot for a hundred thousand lives. He would rather destroy twice that number than lose prestige. The reports show that the Japs are marching on to Harbin, where there are seventy thousand sick and wounded Russian soldiers in a destitute condition, and no one but this heartless and apparently headless autocrat to appeal to for help.

Vessels leaving Jacksonville have no trouble now in crossing the St. Johns bar and this will be quite an item for the trade of that city, as it is the center of three-fourths of the trade of Florida, although it may break the heart of some other places to say so.

Orders aggregating millions of dollars have been placed within the past few weeks for railway supplies of various kinds, illustrating the confidence of managers that traffic will increase faster than present facilities can provide for.

Roosevelt has declared that he will not be a candidate for president again and we feel disposed to take him at his word. What's the use of urging it on him when he don't want it? There are 150,000 other Republicans who do want it.

It costs the great American public something like $7,000,000 annuallly to square its snuff bill. More than 16,000,000 pounds of this article are each year used in this country. And we are not prominent as a race of snuff users, either.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

"Hobson's Choice"

Tobias Hobson was the first man in England who let out hackney horses.

When anyone wished to hire a horse, he was obliged to take the one standing nearest the stable door—he had no selection. Hence the old proverb, so familiar now, was born:

"To elect there is but one—
'Tis Hobson's choice—take that or none."

Before the introduction of **Uneeda Biscuit** buying soda crackers in a paper bag, was like hiring Hobson's horses—there was no choice. In kind and quality there was but one—take that or else take none. Whether stale, soggy, dirty or old—'twas ever the same "Hobson's Choice."

Uneeda Biscuit in air tight packages have revolutionized this old method and set an example that has received the stamp of public approval, as the sale of over 300,000,000 5c packages attest.

NATIONAL BISCUIT COMPANY

The grand jury of Dade county has been looking up the matter of enforcing the law in regard to the punishment for carrying concealed weapons. It has been shown that the parties found guilty have been fined $100, and then $50 and $75 remitted. The law was made to prevent this dangerous habit, and if it is being enforced in such a manner, it might better be repealed. Many persons are also permitted to carry pistols who should not be allowed to go armed.

The present number of Christian ministers in the United States is 149,963. There are 196,719 churches and 29,323,153 communicants. The Sunday schools number 139,317, teachers 1,411,807, and scholars 11,493,591.

ONE BOOKLET MADE A LASTING FRIEND

Washington Lady Directed to Gainesville by Mere Chance.

ADVERTISING DID ITS WORK

Picked Up the Booklet Advertising Bible Conference, Chautauqua and Gainesville at Hotel Breakfast Table, Which Also Induced Her to Visit Gainesville.

After a couple of months spent pleasantly at the Fulks House in this city, Mrs. John T. O'Dell of Washington has made her departure for St. Augustine. After a sojourn of a week or ten days in that famous resort, she proposes to return to her home at the national capital.

Mrs. O'Dell is one of the estimable, whole-souled ladies whom it is always a pleasure to meet. She is good company, and loves the bright side of the world.

"This Bible Conference and the Gainesville Chautauqua are the greatest things Gainesville ever had," she remarked at the station, while waiting for the train. "Do you know, I never heard of Gainesville until one morning I went in to breakfast at a Washington hotel, when I picked up one of the booklets advertising these attractions. The booklet contained some descriptive matter of Gainesville, together with a number of scenes about the city, and while I waited for my breakfast I naturally became interested. When the breakfast came I was still interested in the booklet, and put it in my pocket, and when I reached home I sat down and absorbed the contents, with the result that I began soon to make my arrangements for spending the winter with the good people in the beautiful town of Gainesville. I propose to come here regularly after this, and I will bring some friends with us next year."

This illustration only goes as a demonstration of the benefit the Bible Conference and Chautauqua is to the city. In this one instance a lady admits that she had never heard of Gainesville, a booklet accidentally fell into her hands, and she came to Gainesville through this influence and spent a couple of months, which meant a direct benefit to the city of at least a hundred dollars; but this is not all, for she is well pleased. She is a lifelong friend of the city and its people, and declares that she proposes to return next winter and bring some friends. This will mean a great deal more.

There is no doubt but that the attractions of Dr. Strouse have accomplished a great deal of good for the city, and will continue to do so. There is no wonder, either, that the business men of Gainesville subscribed so liberally to the "star" list for the coming season, agreeing to pay $10 per ticket to guarantee the Chautauqua. The Conference and Chautauqua are valuable as advertising mediums to this city, to say nothing of the enjoyment and refined educational benefit.

Mr. O'Dell was only one.

Attention, Masons.

Gainesville Lodge No. 41, F. & A. M., will hold a regular communication tonight at 7:30 in Masonic Hall. There will be work in the Master Masons degree. A full attendance is requested. Visiting brothers are cordially invited to be present.

STEVENS IS RELEASED.

Man With Money and Diamonds, Apprehended, Gives $500 Bond.

S. Stevens, the negro who was arrested here a few days ago with about $1,000 worth of diamonds and nearly $200 in money on his person, and who has since been confined in the county jail, was Tuesday released on bond. The bond was $500, and was furnished by Jacksonville parties.

It will be remembered that when Stevens was arrested he was taken from an Atlantic Coast Line train and marched into the custody of Marshal Pinkoson by Conductor Gilmer at the point of a pistol. He was searched, when the diamonds were found in a pocketbook and the money was discovered inside one of the legs of his drawers. A colored man from Waldo charged that the money had been taken from him on the pretense of a cash bond for a position as waiter at a hotel in St. Augustine, and upon this charge the man was locked up.

Marshal Pinkoson retains the diamonds, while the money secured is in the hands of Col. Robt. E. Davis, attorney for Stevens. Stevens claims to be a native of New York City.

JOHN WILSON INJURED.

Clothes Caught in Gearing of Engine With Serious Results.

John Wilson, an industrious colored man who has been in the employ of the Spring Park Stock Farm Company at Bennington for the past few months, was the victim of an accident Monday which will cause him no end of trouble, pain and annoyance. While Wilson was attending to the gasoline engine which is used by the company for various purposes, his "jumper" became entangled in the gearing, and before assistance could reach him he had been drawn into a portion of the gearing and seriously injured, from the result of which it may be possible he will lose his life.

Dr. J. F. McKinstry, Jr., was summoned, and went immediately to the relief of the unfortunate man, and administered everything possible to relieve his suffering.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

POLITICAL ANNOUNCEMENTS.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for re-election to the office of marshal, subject to the action of the citizens of Gainesville at the coming municipal election. I leave my case in their hands. If I have discharged my duty as marshal in the past, I ask their indulgence and their votes in future. If they do not think I have discharged my duty, then it rests with them. I will appreciate support, however, and promise as long as in the office to show partiality to no one. Respectfully, CHAS. PINKOSON.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for the office of marshal, subject to the action of the voters of Gainesville at the coming municipal election. Have always been a loyal Democrat, am always ready to render my aid and influence in support of right and justice, and if elected promise a fair and honest service, without fear or favor. Respectfully,

D. A. ROBERTSON.

For Marshal.

I hereby announce myself a candidate for the office of Marshal of the City of Gainesville, and solicit the support of all the voters of said city at the coming election of city officers.

If elected, I promise to give to all the people a vigorous and impartial exercise of the duties pertaining to that office. Respectfully,

RICHARD A. BECKER.

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women *are* nervous?

How often do we hear the expression, "I am so nervous, it seems as if I should fly;" or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night.

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me.

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

Say End of World Is Near.

Decatur, Ind., March 21.—Waiting for the world to come to an end and advocating the creed of their sect several families of this city, under the leadership of William Whittredge, formerly of Elgin, O., are preparing for the millennium, which they say will be here some time in April. The followers of Whittredge, in preaching their doctrine, point to the book of Revelations in the Bible, and on the tracts which they distribute are printed quotations from the Bible. The members of the band all are intelligent and well informed, and they preach their belief in interesting conversation.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at druggists.

ANCIENT DEED IS FOUND.

pers Discovered that Were Executed Years Ago In Gotham.

New York, March 20.—A deed transring 12 acres of land within the ders of New York city, a mortgage a will, both dated Dec. 12, 1789, other business papers running n to 1835, together with a silver service, knives, forks and spoons, finger rings, a piece of diamond rings and a pearl brooch, all ined in a stout tin box, have been nd in the heart of an old oak tree woodmen cutting timber north of coln Park, N. J. The property been placed in the hands of an rney to await a claimant. It is eved the box was placed there a thief years ago, as none of the sons named in the papers is remembered in the neighborhood.

The will is that of Matthew Weathrby, and transferred to his sons, Parker and Andrew, $12,000 in money and personal property, and 12 acres of land on the island of Manhattan bordering on the Hudson river, but which cannot be readily located on the present city lines from the description of the deed. The interior of the box was perfectly dry, and with the exception of a slight covering of mildew, the papers are perfectly preserved. Squirrels had made the cavity their home, and it was filled to a depth of several feet with nuts and shells.

BIRDS WILL DOMINATE EARTH.

The Human Race, However, Will Rule For Three Million Years Yet.

Chicago, March 20.—The human race will be extinct on this earth in the course of a few million years, according to Professor Samuel Williston, professor of paleontology, at the University of Chicago. While lecturing on the future of the earth's inhabitants Professor Williston, declared that in his opinion, instead of men at this future date, which he told the students would not come for something like three million years, the earth will be dominated by birds.

"It will only be a natural course of events that will ultimately drive men from the dominant sphere on earth," said Professor Williston. "First came the fishes, they were dominant for awhile and had to give way to the amphibians. Then came the birds and soon came the mammals. Now the mammals are weakening and the newest class, the birds, is growing to prominence, and, in time, I sincerely believe, will be the dominant inhabitants of the earth.

"Each of these classes will be developed to the highest degree of specialization, and then begin to wane. Little more can be expected of man." Professor Williston is considered one of the leading experts in paleontology in this country and has written several treatises on evolution.

WANTS A THEATER ENDOWED.

New York Preacher Makes a Unique Plea to His Congregation.

New York, March 21.—In a sermon at Temple Emanuel, the Rev. Dr. Joseph Silverman has made a plea for the endowment of a theater wherein the actors' church alliance may carry out its ideas of high dramatic presentations.

The stage, continued Dr. Silverman is but an outgrowth of the pulpit, a part of the paraphernalia that belonged originally to the religion. The church has failed in its opposition to the theater, as it always will fail when it opposes the natural desires.

The theater never could have succeeded if they had not satisfied a craving and longing for the human soul. The church is not perfect, neither is the theater, but both are great agencies for good.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Mrs. Mahan of Madison, Wis., who has been here for several weeks as the guest of her mother, Mrs. J. W. Hudson, departed yesterday for her home. This estimable lady has many friends here who are always glad to welcome her.

J. J. Taylor of Crab Orchard, Ky., who has been in this city for the past few weeks, departed yesterday for his home. While here Mr. Taylor made many friends, all of whom regretted to see him leave, but trust he will return next season.

S. R. Methvin of Atlanta, Ga., an experienced prescription clerk, has arrived in the city, and has accepted a position with J. S. Bodiford & Co. Mr. Methvin is a clever young man, and it is to be hoped that he will be pleased with Gainesville and his position.
